Accident!

INSURANCE

This is quite a feature of my business. I represent two strong and liberal companies, whose contracts are free from the usual numerous restrictions that some other companies have, which really have the effect of insuring the company instead of the insured. No trouble to explain the policies and quote rates. ACCIDENT TICKETS—These are adapted to persons who do not desire yearly insurance, but who wish protection on short trips, etc. I issue them without written application, taking effect immediately.

I am agent at Bryan for the
Oliver Typewriter, the only stand-
ard visible writing machine.

HEAT WAS TERRIBLE

Inhabitants of Large Northern Cities Suffer.

NUMBER SUCCUMBED.

Philadelphia Recorded the Greatest Temperature, but New York Led With Fatality Results and Also Prostrations.

New York, July 19.—An area of oppressive heat, bringing to mind with unpleasant vividness the record breaking summer of 1901, settled down over the eastern and New England states Tuesday, numbering hundreds among its victims and causing great suffering to thousands in this and other cities. From all points came the story of the hottest day of the summer, attended with frequent prostrations and not a few deaths. Philadelphia reported a maximum temperature of 98.3, the highest figure officially noted. In this city the weather bureau's high mark was 96, while in Boston a temperature of 94 was recorded. The official thermometers located in exposed places above the street did not, however, indicate the temperature in which the ordinary person moved and many street thermometers indicated a temperature of 100 or higher, some reliable instruments registering 104 and 105.

In New York the suffering was intense, especially in the crowded tenement districts, where scarcely a breath of air relieved the stifling atmosphere. Thousands who could afford the holiday flocked to the beaches, but even in the consequent crowds women and children fainted and men were overcome, making the trip from home a doubtful experiment so far as securing any comfort was concerned.

At 8 o'clock in the morning the mercury stood at 80 and rose until the maximum of 96 was reached at 4 o'clock. The humidity was 72 at 8 o'clock, but lessened steadily until but 35 was registered, when the temperature was highest. It was a busy day for the hospitals and the ambulances were continuously on the street.

"Jake" Cook, keeper of the monkey house in Central park, famous as an elephant trainer and the idol of the children who frequent the zoo, was among the victims. The other keepers had complained of the heat, and Cook, volunteering to help them with their duties, overexerted himself, was stricken and died.

Early in the day the hot wave invaded the stock exchange and its effect was quickly apparent on the traders. Many of the leading operators deserted the floor and the market became listless and dull.

To add to the unavoidable physical suffering Brooklyn was threatened with a water famine, while the whole city was startled by the prospect of a strike of the ice men. The water supply in Brooklyn was reported as nearing danger point and the water department took immediate precautions, asking that street sprinkling be temporarily suspended and warning households to be extremely economical in the use of water.

Prompt measures were taken by the police and park commissioners to alleviate in some degree the suffering of the public. Orders were issued keeping open throughout the night the park gates and permitting those who would to spend the night in these places.

"Keep off the grass" signs were by permission, disregarded and at night thousands of men, women and children deserted crowded and stifling apartments for a bed upon the cool grass. Thousands of others too exhausted to reach the recreation grounds slept on the pavements in front of their homes. Total number of deaths here was twenty-six and prostrations 190.

Thirteen Deaths at Pittsburg.

Pittsburg, July 19.—The highest temperature of the year was reported at 3 p. m. Tuesday, when the government thermometer registered 93. Thirteen deaths, including six infants, have been reported from the heat.

In New England.

Boston, July 19.—Outside of Connecticut four deaths from heat and twenty prostrations were reported Tuesday in New England.

Four Fatalities.

Chicago, July 19.—Four deaths and seventeen prostrations from heat occurred here Tuesday. It was the hottest day of the year.

Three at Toledo.

Toledo, O., July 19.—Three deaths from heat and many prostrations were recorded here Tuesday.

One Serious at Baltimore.

Baltimore, July 19.—There were five heat prostrations here Tuesday, one serious.

Bill Miller Slain.

Wilburton, I. T., July 19.—Deputy United States Marshals Davis and Trev shot and killed Bill Miller, charged with horse theft.

Japanese Army Landed.

London, July 19.—The Tokio correspondent of the Daily Telegraph says that a Japanese army has been landed north of Vladivostok and that a complete envelopment of the fortress is imminent.

FUNSTON WAS FINED.

Father of General Adjudged Guilty at Iola, Kan.

CAUSE OF THE ACTION

It Was Alleged Former Congressman Had Used Inflammatory Language in Regard to Recent Dynamiting.

Iola, Kan., July 19.—E. H. Funston, former congressman from this district and father of General Frederick Funston, was Wednesday in police court found guilty of disturbing the peace and with having carried concealed weapons. He was fined \$5 on each charge and costs of suits were charged against him, making a total of \$31.65.

The charges against Mr. Funston grew out of the wrecking by dynamite by a party July 10 of three Iola "joints" or saloons. The explosion followed an agitation against saloons, in which Governor Hoch was appealed to in an effort to secure enforcement of the state prohibition law. Intense excitement followed the act of the dynamiter. During the height of the excitement Funston, it was charged, made inflammatory utterances to crowds that gathered about him on the streets. When Patrolman Cannon tried to persuade Funston to desist a quarrel between the two ensued. Funston, it is alleged, attempted to draw a revolver. He was arrested. A formal charge was made against him, after which he was released upon his own recognizance. In the trial, which was attended by hundreds of persons, one witness testified that Funston had said: "I am glad that some one had nerve enough to do it. The only regret is that the men (saloonkeepers) were not in there to be blown out of the building. If the police officers had done their duty this would not have happened. I have no sorrow in my heart for men along this street that have suffered loss, because they have done business with these men and have not put a stop to the saloon business."

The loss caused by the explosion was estimated at \$100,000, and the alleged dynamiter, C. Melvin, is still at large, although a warrant had been issued for his arrest and hundreds of men searched for him.

Judge Adair in sentencing Mr. Funston said: "It is with great regret that I have been called upon to render judgment in this matter. While this is not a matter of testimony, I wish to state I have known Mr. Funston ever since I have been in Kansas; I know him to be an honorable, upright citizen and a man of exemplary character and reputation. I heartily sympathize with his feelings in regard to the 'joint' question. A man who regards his family and children would naturally resent anything that would tend to disgrace or injure them. I do not wish it understood that any judgment I may render intimates that I do not sympathize with the sentiments of Mr. Funston in desiring the enforcement of prohibition."

CHARLES EDWARD RULES.

Assumes Reins of Government of Saxe-Coburg and Gotha.

Gotha, July 19.—Duke Charles Edward of Saxe-Coburg and Gotha assumed the reins of government Wednesday, attaining his majority. His state entry into the capital was the occasion of much ceremony. The new occupant of the ducal throne was received at the railroad station military honors and proceeded to Castle Friedenstein, where he met his mother, Duchess of Albany. The formal ceremony of taking the oath of installation occurred in the throne room in the presence of representatives of Emperor William, King Edward and other rulers, cabinet ministers and a brilliant assemblage of official deputations from various parts of the duchy.

SUES FOR DIVORCE.

Prince Phillip Takes Action Against Prince Louise.

Gotha, July 19.—Prince Phillip of Saxe-Coburg and Gotha filed with the provincial court a petition for a divorce from his wife, the Princess Louise of Saxe-Coburg and Gotha.

Princess Louise is the eldest daughter of the king of the Belgians. In 1897 she eloped with Count von Matsch-Keglexitch, a lieutenant of Austrian cavalry. He subsequent confinement in a sanitarium and her escape from her attendants caused a sensation.

Fifty Horses Burned.

Lander, Wyo., July 19.—The troop stable at Fort Washakie, sixteen miles from Lander, has been destroyed by fire. Fifty horses belonging to Troop F, Tenth United States cavalry, were burned and also three mules and considerable saddlery. The horses were large sorrels and among the finest in the army.

Railroader Killed.

Rome, Ga., July 19.—George Wright, city passenger and ticket agent here for the Southern railway, was shot and killed by Vince T. Sanford. Sanford refuses to talk and cause of the tragedy is unknown.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - Per Month, 40c

THURSDAY, JULY 20.

Peaches, watermelons and cucumbers are ripe.

Victoria will sink an artesian well. The Eagle would like to report the same news from Bryan.

Panama Canal Engineer John F. Stevens has spit upon his hands before leaving for the isthmus and swears he will stick.

The District of Columbia has 16,000 more women than men and most any dress suit with masculine stuffing cuts quite a figure, 'tis said.

Attorney General Davidson is in favor of working negligent husbands, who fail to provide for their wives and children, on the public roads.

Notwithstanding planting of cotton continued for some days after the presentation of the News' crop report in June, it appears that the late planting was well offset by abandonment of crops to the weeds and grass. The new canvas of acreage, the results of which are included in The News' crop report published July 18, shows that in Texas the reduction is 18 per cent, as compared with 18.67 per cent reported in June. In publishing the June report The News remarked that the acreage was at that time not definitely determinable, which conviction was due largely to the knowledge that reduction of acreage this year was more the result of conditions than of volition. Almost immediately thereafter heavy rains again began falling, and this evidently accounts for the fact that the June and July reports very nearly check. Nevertheless there were marked changes one way or the other in many localities.—Galveston News.

All crop correspondents are classed by the bureau official under one of three heads, "bear reporters," "moderates," and "bull reporters." This classification is made on the past record of each correspondent. When these reports come in each is filed according to its class in lot 1, 2 or 3. Here is the rub. Not all of those reports are used in making up the report. The officer in charge selects at his option those reports which he thinks most reliable. He can draw at will more "bear" reports than "bull" reports. The evidence in hand shows that Mr. Holmes probably knew what class of reports he would select and gave his confederates information accordingly. He and his partners in crime profited by this manipulation of the cotton market—juggling if you please—but the cotton growers suffered the loss of many thousand dollars. Thus government officials have played official information against the welfare of the cotton grower. The whole makes up the ugliest and most disgusting scandal with which the United States Department of Agriculture has ever been connected.—Farm and Ranch.

The Eagle acknowledges receipt of the 26th annual catalogue of the Sam Houston Normal Institute at Huntsville. It shows a total enrollment of 468 for the past session, and 114 counties were represented.

The agricultural department has gotten rid of its Hyde, but the Equitable still has its.

ONE KILLED.

Several Seriously Injured In Collision and Boiler Blown Up.

Chicago, July 19.—In a collision between a southbound construction train and a northbound passenger on the Santa Fe near Romeo, Ill., Express Messenger Kold was killed and David Young, signal man, fatally injured. Twenty other persons were injured. The boiler of the passenger engine exploded immediately after the collision. The smoking car was telescoped and two other cars were derailed.

Muskogee, July 19.—The first payment of Chickasaw school fund warrants was made by Dana H. Kelsey, United States Indian agent. The amount was \$50,000. The payment was made to the State National bank of Denison, Tex. G. L. Blackford, the president, receiving for the money, which was paid in one check.

5 DAYS MARK - DOWN SALE!

THE MARKETS.

Kansas City Cattle and Hogs.

Special to the Bryan Eagle.

Kansas City, Mo., July 17.—Heavy receipts in the quarantine division have been the rule for the past two or three weeks. They have been as heavy in this division as on the native side. Packers seem to have a good outlet for this class of stuff and prices have not suffered account of the heavy runs, until today. The market was steady nearly every day last week and the best closed steady with the close of previous week. Top last week \$5.00 paid for some meal fed steers. Run in the quarantine division here today 8000, same number of head being received last Monday. The market opened slow and draggy and closed 10 to 20 cents lower. The best grass steers brought \$3.50 to \$4.05, cows \$2.25 to \$3.00. Bulls bring \$2.00 to \$3.00, veals \$4.75 to \$5.50. Packers are buying on that side in preference to the native division. The canning season opens next week.

Prices of hogs reached the high

CURE FOR HAY FEVER.

E. J. Jenkins Says Hyomei Will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand, and many people feel that they will be obliged to go away in order to avoid the sneezing, watery eyes, and other annoying symptoms of this disagreeable disease.

E. J. Jenkins wishes us to announce that when Hyomei is used as a preventive, or a cure, there will be no hay fever. He advises daily treatment with Hyomei for two or three weeks before the usual time for the annual appearance of hay fever. If this is done, the attack will be prevented. However, if the preventive treatment is not started soon enough, and the disease makes its appearance, use Hyomei six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomei is used. Breathed through the neat pocket inhaler that comes with every outfit, its medicated air reaches the minutest air cells, killing all germs and soothing and healing the irritated mucous membrane. The complete Hyomei outfit costs but \$1, extra bottles 50 cents. It is the only treatment for hay fever sold by E. J. Jenkins under a guarantee to refund the money if it does not give satisfaction.

Don't miss the splendid opportunity to get a new Summer suit at almost half price during Parks & Waldrop's clothing sale. 193

Mrs. B. F. Clark and children returned to Ennis yesterday after a visit to Mrs. H. T. Lewis.

Child Burned to Death.

Washington, Tex., July 19.—While the little daughter of Josh Gardner, a farmer, was preparing supper, she poured oil into the stove out of a five-gallon can when a terrific explosion occurred, burning the child fatally and destroying the house.

Mostly Gas and Water.

Laredo, July 19.—Parties who have seen the well brought in at Piedras Pintas creek, in Duval county, a few days ago, say there is but little oil coming out, the output being mostly gas and water.

Only One Went.

San Antonio, July 19.—But one Confederate veteran went from San Antonio to Galveston to officially represent the camp here in the encampment and reunion. Reason given is that railroad rate is excessive.

Scurry Succeeds Styron.

Austin, July 19.—The governor commissioned Thomas Scurry of Dallas to be brigadier general Texas National guard, vice General J. A. Styron of Cleburne, retired.

Defeated by Large Majority.

Houston, July 18.—By a vote of two to one the proposition to issue \$500,000 bonds to erect new courthouse was turned down. City favored proposition. Less than 1000 votes were polled.

RELATES THE CRIME.

Negro Woman Tells Story of Mrs. Smith's Terrible Fate.

Gadsden, Ala., July 19.—Lucy Mayo, a negro woman, arrested with the negro men in connection with the criminal assault and murder of Mrs. S. J. Smith last Saturday night, has turned state's evidence before the coroner's jury. Her evidence implicates Jack Hunter, who is still at large, and Vance Gardner and Will Johnson, who are now confined in the Birmingham jail. She says Gardner described the whole crime to her on the morning it happened. She claims Gardner told her that he and Will Johnson were on the mountain and heard the woman's screams; that they ran to her and found Jack Hunter dragging her across the road by the hair. The two men then helped Hunter to drag her off the road and each assisted in holding her while the crime was committed. The men had decoyed the woman from her home by sending Bunk Richardson, a negro, also under arrest, to the house, telling her that her two boys were drunk in town. She went for them and it was on her return toward home that the deed was committed.

HYDE HAD ENOUGH.

Says He Has Been Constantly Under Fire From Each Side.

Washington, July 19.—In his letter of investigation Chief Statistician Hyde says he has been constantly under fire from one side of the market to the other. Every investigation has vindicated him. He says: "These results have been very gratifying to me, but I have the highest medical authority for the statement that the continued fight upon me has already considerably shortened my life. At the present time it is an accepted fact that a powerful organization is bent upon bringing about my retirement, by one means or another. Now I do not think the position I hold is worth the fight necessary to its retention and the organization in question is welcome to whatever satisfaction it can derive from my withdrawal from the unequal struggle. If my friends think that I ought not to retire under fire, I would have them remember that there never was a time when I am not under fire. I have the honor therefore, to tender my resignation of the appointment as statistician and chief of the bureau of statistics of this department."

The social committee of the A. C. L. will have an entertainment at the former residence of Mr. T. C. Nunn Friday night. All members of the A. C. L. are invited to attend and bring the girls. Parents are also invited.

Dr. Claude A. Searcy has gone to Hempstead to take charge for a few weeks of the practice of Dr. Mahan while the latter goes to take a post-graduate course. Dr. Searcy will return to Bryan at the conclusion of the engagement.

The will in the Harrington estate case was rejected in the county court yesterday, leaving the estate in the hands of the administrators appointed by the court, G. W. Dunlap and W. C. Pool.

Rev. J. W. Stephens of Franklin requests the Eagle to state that he will begin a revival meeting at Providence church on Friday, July 28. All are cordially invited to attend the services.

Chas. Claydon of Tabor was here yesterday en route home from Grimes county. He called on the Eagle and showed samples of clay and kaolin from Dr. Gay's land near Singleton, Grimes county.

An order was entered in the county court yesterday authorizing the administrators of the Harrington estate to distribute \$16,000.00 among the heirs. The estate is valued at \$120,000.00.

Prof. H. H. Harrington and Frank Clarke went to Waco yesterday. Prof. Harrington has just returned from an extended trip in Mexico, visiting Oaxaca and other points.

Mrs. Frank Taylor of Corsicana and Mrs. A. Ward of Hillsboro were visitors to Bryan the past two days in connection with the Harrington estate in the county court.

L. K. Allen returned to Waxahachie yesterday after a pleasant visit to Mr. and Mrs. H. R. Thurman of Edge. Mr. Thurman accompanied him to Bryan.

Miss Norma Dennis has returned from a visit at Mumfords accompanied by Misses Clyde and Mollie Collier.

Cures Piles Permanently
DeWitt's is the original and only pure and genuine Witch Hazel Salve made. Look for the name DeWITT on every box. All others are counterfeit. PREPARED BY
E. C. DeWITT & CO., CHICAGO.
Sold by M. H. JAMES.

STILL SWELTERED.

Heat Conditions at New York Continued Almost Unbearable.

New York, July 19.—Official figures given out by the government weather bureau Wednesday showed that the lowest temperature recorded during twenty-four hours was at 6 o'clock in the morning. The government thermometer stood at 76 at that hour, having fallen on an average of one degree an hour during Tuesday night. From that time on, however, it rose, reaching 84 at 9 o'clock. Before 7 a. m. five fatalities had been reported. Two victims fell from windows where they were sleeping. Others died directly from heat exhaustion. In Brooklyn a heat crazed mother plunged a carving knife into her sleeping nineteen-months-old child, killing it instantly.

No relief, but rather promise of more heat and even greater suffering came to New York. Even with every park in the city thrown wide open and with practically every restriction removed, hundreds of thousands were unable to escape severest of suffering. Tuesday, with nearly two score deaths and ten times as many serious heat prostrations officially reported, it taxed the facilities of every hospital and like institution in the city. Ambulance surgeons, drivers and horses, worn down by the terrible heat and strain of incessant work, were completely exhausted. Horses gave out earlier than the men, and comparatively early it became necessary to press police patrol wagons into service as temporary ambulances. When the hospitals became filled to their capacity and several were forced to announce no more sufferers could be received.

Although many thousand tenement dwellers availed themselves of the opportunity given by the open parks to sleep in the outer air, there were many more that could not leave their homes in the parched and sweltering lower section of the city. It was in that section that most of the suffering prevailed.

While thousands of persons left their homes in the flats and tenements of this city, seeking in the public parks relief from Tuesday night's heat, by far the greatest crowds gathered on the sands of the seashore at Coney Island. Trains arriving there even after midnight were crowded and it was estimated that an army of 10,000 heat-tortured men, women and children, the latter being in the majority, made beds in the sand. A northwest breeze blew over the island, bringing much comfort to the sweltering thousands. A large force of extra policemen was kept on duty and guarded the sleepers from harm.

The death toll, due to excessive heat, increased rapidly Wednesday, seventeen fatalities being reported during the forenoon.

LITTLE ABATEMENT.

Heated Term Continued Wednesday In Number of Localities.

Washington, July 19.—The heated term continued with little or no abatement in any quarter. Along the lower lakes, also in Iowa, northern Illinois and southern Wisconsin there were a few early morning thunderstorms, but the temperature was not materially lowered except in Iowa and southern Minnesota. The greatest intensity of the heated term centered in the Ohio valley and north portion of the middle Atlantic states, where Tuesday night minimum temperatures ranged from 72 to 78 degrees, the last named being the record for Philadelphia. The outlook for thunderstorms during the next thirty-six hours in the upper Ohio valley and thence eastward is fairly good. With showers there would be more or less fall of temperature. It now seems probable prevailing high temperature will be temporarily interrupted by Friday.

There were three deaths at Cincinnati Wednesday morning.

Boston Baked.

Boston, July 19.—Another day of intense heat was the prospect in this city Wednesday when the residents awoke after a night which had brought little relief. Scarcely a breath of air stirred during Tuesday night and the lowest point registered by the official thermometer was 78 at 4 o'clock Wednesday morning. At 9 o'clock it had risen to 83. Humidity was 61, and the wind, which was from the northwest, was light.

Three Deaths, Eight Prostrations.

New Haven, Conn., July 19.—Three deaths and eight cases of prostration from heat were reported from Connecticut in twenty-four hours up to 8 o'clock Wednesday morning. Official temperature at 9 o'clock was 89 degrees and humidity 50.

Continued Hot.

Philadelphia, July 19.—Torrid weather prevailed again Wednesday.

TERRIBLE EXPLOSION.

Lightning Strikes Powder and the Results Are Terrible.

Des Moines, Ia., July 19.—An explosion took place in the West Riverside coal mine, two miles west of this city. A telephone message from the mine stated that lightning struck the powder house shortly after 6 o'clock. The powder house contained a considerable quantity of dynamite and the explosion which followed was terrific. Five men were reported dead and it was stated the wounded might number twenty. The names of those dead are: John Woods, Will Latimer, Walter Evans, Zink Davis, — Newell. The dead men had gone into the powder house to secure their daily supply of dynamite to be used in the mine. They had not been in the shed more than a minute or two when the structure was struck by lightning, igniting the entire quantity of dynamite, blowing building and men entirely to pieces.

Starved to Death.

Port Huron, Mich., July 19.—Suffering from cancer of the stomach, Charles Wilchers starved to death, being unable to eat.

FLOTILLA SHELLED.

Latter Replied and Attacking Russians Were Soon Silenced.

Tokio, July 19.—Vive Admiral Kamlmura reports that his flotilla of torpedo-boat destroyers was shelled by the Russians at Yukiwan, the attacking force numbering about 200. The flotilla replied and silenced the Russians.

VICE ADMIRAL KAMIMURA.

after which cavalry was discovered retreating and was shelled. The flotilla also discovered a Russian cavalry patrol at Sunshin and turned its fire upon them. The cruiser Chihaya shelled the Russian guard and signal men posted on a hill north of Geka in the western extremity of Lashinpaio in northeastern Korea.

NEVER SO STRONG.

Russian General Says Japanese Are Desirous of Peace.

Godzyadani, Manchuria, July 19.—In conversation with a correspondent of the Associated Press regarding the present military situation General Battjanoff, commander of the Third Manchurian army, adopted a most optimistic tone. He declared the Japanese were unable to advance on account of strengthening of Russian positions and that they had not fully recovered from their losses in the battle of Mukden. He concludes: "Never during the whole war has the Russian army been so strong in every respect as at present. The Japanese know this; therefore they wish for peace."

Congress Opens.

Moscow, July 19.—Zemstvo congress opened at midday Wednesday in the residence of Prince Dolgoroukoff.

ONE-FARE RATE.

Granted to Merchants' Conventions and Jobbing Centers.

Austin, July 19.—An official order granting application of Trade League of Dallas and other commercial bodies has been issued by the railroad commission. According to the order the commission and jobbing centers be given. Number of tickets is limited to 100.

New Insurance Company.

Austin, July 19.—Articles of incorporation of the Southern National Insurance company of Austin have been filed to-day in the insurance department. Capital stock is \$200,000 and \$1,000,000 surplus. The company is promoted by Texas capitalists. Among the incorporators are E. H. R. Green, Terrell; Ira H. Evans, Austin; E. P. Wilmot, Austin, and Harry Landis, New Braunfels.

TWO MEN SCALDED.

Brakeman Hall Loses His Life and Fireman Brandon Injured.

Bowie, Tex., July 19.—The crown bar of an engine pulling a Rock Island freight train blew out four miles from here. George Hall, a brakeman, was scalded to death and Fireman Early Brandon badly injured by the hot water. Both resided in Fort Worth.

The report that Mrs. George Rossel was injured in the Rock Island wreck near Phillipsburg, Kan., proved incorrect.

GARDNER ACQUITTED.

Manager of Cycle Park Theater, However, Was Fined.

Dallas, July 19.—In the corporation court Joseph Gardner, proprietor of the Dallas Baseball club, charged with violating the Sunday law, was acquitted. C. R. McAdams, manager of Cycle Park theater, charged with the same offense, pleaded guilty and was fined \$20.

DIES SUDDENLY.

Mrs. C. D. Hagerty Had Recently Returned From the Far East.

Chicago, July 19.—Mrs. C. D. Hagerty, recently returned from Chefoo, where her husband was correspondent for the Associated Press during the long military and naval operations against Port Arthur, has died here suddenly. Mrs. Hagerty had been ill at Chefoo, but had recovered before leaving the orient. Her death followed an operation made necessary by an attack of appendicitis. Mr. Hagerty was with his wife when she died, he having recently been assigned to his former duties at Chicago.

ROOT SWORN IN.

Takes the Oath of Office as Secretary of State.

Washington, July 19.—Ellihu Root of New York was sworn in as secretary of state Wednesday. The oath was administered by William McNeil, assistant librarian of the state department. Secretary Root announced he would remain here during the day as he desired to look up some legal matters connected with the state department.

INDIAN BALL TEAM.

Appear in Flaming Costumes Adorned With Deer Tails.

Paris, Tex., July 19.—Twenty-six fullblood Choctaws from Goper, I. T., played an Indian ball game at the baseball park. They presented a spectacular appearance in a foot parade around

DREADFUL DROP.

Aeronaut Falls Three Thousand Feet to His Death.

San Jose, Cal., July 19.—Daniel Maloney, who had made numerous successful ascensions with Professor Montgomery's aeroplane, fell 3000 feet to his death at Santa Clara Tuesday.

Maloney made an ascent from the grounds of Santa Clara college in honor of the league of the Cross Cadets, who are holding their annual encampment. About two thousand persons watched with interest the machine as it shot upward from the college garden, attached to a huge balloon.

At a height of 4900 feet Maloney cut loose and began maneuvering with the aeroplane. He sailed gracefully about, then essayed a deep dip. Suddenly the machine swerved, hesitated and then turned completely over. It righted itself, sank down a considerable distance and turned over again.

Maloney was clinging desperately to his seat and evidently endeavoring to regain his control, but all his efforts were in vain. Again the aeroplane turned in the air, the wings came together and the man and the machine plunged straight downward, while the horrified spectators gazed helplessly.

A number of cadets carried him to the college hospital. His head was fractured and blood was flowing from his ears and mouth. He expired within a short time. The aeroplane was smashed into fragments.

May Visit United States.

Paris, July 19.—Paul Deroulde, who recently refused to return to France under President Loubet's amnesty proclamation after having been exiled for sedition, is considering a visit to the United States for the purpose of studying the American constitution with a view of advocating the revision of the French one.
